Dear Sir/Madame,

I was most fortunate to feature Dr. LeslieBeth Wish on my morning show, "AM Knox County" on 1300 WMVO - which reaches into the Columbus radio market.

Dr. Wish talked about the top questions that women want to know about their intimate relationships. I've hosted countless shows over the past 25 years, and Dr. Wish brought not only refreshing, new advice for women about their love issues, but also trusted, research-based advice that my listeners could use right now. Dr. Wish was quick witted, highly interactive and truly inspirational with her insight and delivery; it came across loud and clear that Dr. Wish cares. She is a perfect fit for radio and I hope to have her on again in the near future.

Thank You,  
Laura Chase
