

April 2014

“Dr. LeslieBeth Wish has become one of my favorite people to interview for my Radio Talk Show, “It Matters... With Kelly Cordes.” I have a mature audience that craves educated, empathetic and thoughtful information, and Dr. Wish answers my questions in detail, and puts my listeners at ease with her great delivery. I go back to her time and time again, for interviews that speak to my audience in a respectful and caring manner.”
